**COMMUNITY INPUT PROCESS OPINION FORM  
PROPOSED SWIMMING POOL**

This form is being sent to each WTCMUD #1 account in order for the Board of Directors to receive a indicator of the level of support in the community for the construction and operation of a proposed swimming pool within the District.

**You are highly encouraged to return this form indicating if you are IN FAVOR OF or OPPOSED TO the proposed Project.**

The Board of Directors will vote on the construction and operation of a 5,000 square foot swimming pool with a depth less than five feet. The proposed swimming pool is one of four configurations studied. The Board will vote in August or September following this Community Input Process. The exact date of the vote will be publicized in advance. Information about the proposed swimming pool Project is presented in detailed reports which are available from the MUD web site at [www.wtcmud1.org](http://www.wtcmud1.org) or by calling Severn Trent at 512-246-0498.

Before submitting your opinion we urge you to educate yourself with the wealth of detailed information that the Board has developed to assist residents in understanding all aspects of the proposed Swimming Pool Project. The information available includes studies of the possible designs, operation, site location and the cost impact on your personal property taxes.

This opinion process will continue through at least two billing cycles. Only one completed form per household will be accepted. If multiple copies of the form are received, the last form received will be used. The results of the Community Input Process will be tabulated by an independent third party and results posted on the web site prior to the vote of the Board.

Please enclose this form in the attached self-addressed envelope and mail it no later than August 30, 2009. Forms received postmarked after this date will not be counted. The account identification information on this form will permit validating each form and assuring that only one form is received for each account.
