Clouded Plastic Containers

5-Gallon Water Bottles

Non-Battery Toys

Plastic Buckets and Tubs

*Please rinse and remove lids*

### Glass

Clear

Brown

Green

*Please rinse and  
remove lids*

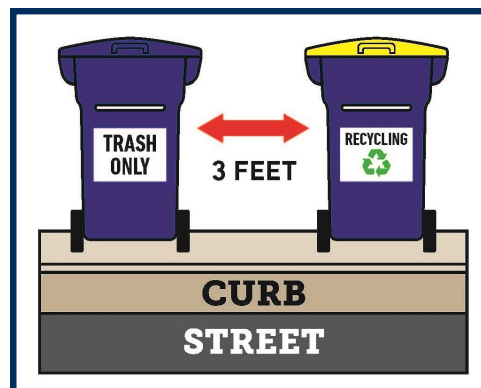

## Broken or damaged carts?

Contact Inframark at [garbage-recycling@inframark.com](mailto:garbage-recycling@inframark.com) with your address and pictures of damage if available. Waste Management will replace carts on your collection day (Monday), so make sure your container is at the curb for exchange. It's all right to still have trash or recyclables in your cart, and trash/recycling may be collected prior to your cart exchange.

## Cart Placement:

Carts should be placed at the curb or edge of the street with the **wheels and handle facing away from the street**. There should be a minimum clearance of five (5) feet on all sides of the cart, including mailboxes, tree limbs, cars, etc. Trash and recycling carts also need to be placed three (3) feet away from each other. Make sure your carts are out by **6:00 a.m. on Monday, or Sunday night at the earliest**.

The MUD offers twice annual bulk trash drop-off events at the Lakeline Oaks building, typically in the spring and fall! More information will be available in your water bill when these events are scheduled.

**WTC MUD #1 is requesting your cooperation to promptly return your trash and recycle carts to their permanent location as soon as possible after they have been emptied. Keeping trash carts off the street ensures that the motoring public has ample space to travel and prevents them from becoming hood ornaments for the occasional distracted driver. We aim to please!**

An additional recycling cart can be made available if needed. Contact [garbage-recycling@inframark.com](mailto:garbage-recycling@inframark.com) for more information.
